

1 COMPLETE PP- FOLDING BOX PRODUCTION LINE

as in attached prospect – producing plastic folding boxes with handles, complete with moulds.

Hemscheidt HPM 1000

Built: 1995

2 cores

Moulding height 500 – 1250 mm min. 400 max. 980

Robot for 32 ltr. boxes

Tool for 32 ltr. folding boxes

Boxes production 32 ltr.

clamp. force appr.: 1000 t

shot w. PS. appr.: 2.800,00 gr.

Voltage: 380-420 volts, 50 cycles with central conductor and ground.

NEW PRICE: € 249.000 EXW complete with moulds, incl. inspection.

Delivery: at once.

Origin: Germany.

Remarks: Start up on request.

Volume: 1x 20 ft Container.

Complete PP folding box line Hemscheidt HPM 1000 incl. 32 Ltr. folding box mould, unloading robot, assembly robot and palletizer.

Technical data:

Year of construction: 1995

Clampingforce: 1000 to.

Faceplate: 1700 x 1700

Tie bar distance: 910 x 910

Mould opening: 500 - 1250
Mould height:
min.: 400
max.: 980
Screw diameter: 100 mm
Shotweight in g: 1800
Core puller: 2
Core puller moving plate: 2
Cooling connection: 12
System: HASCO
Mould: Klappkiste 32 Ltr.
Pump: 135 KW
Heating output: 110 KW
Required space: 10,63 x 2,47 m
Weight: 57 to.
